(See copy of document on file in the City Clerk's Office.)

Following comments by the City Manager about what the program represents, emphasizing the City's collaborative leadership approach, the Mayor stated that the briefing would be received and filed.

Wireless Telecommunication Facilities Policy Updates:

George N. Condyles, IV, President and Chief Operating Officer, gave an update on the Wireless Telecommunication Facilities Policy and the latest technology and legislative changes; adding that within the last 12 years, technology has gone from a 3-G, 3-G, approximately 80% voice and 20% data, to 4G, which is now 80% data and 20% voice.

As part of the dialogue, the Assistant City Manager for Community Development noted that the City was refining and tweaking its wireless telecommunications facility policy, adding that the Planning Department plans to report to the Council following a public input session as to the status of what it will take to get the policy implemented. He suggested the City have a zoning ordinance that supports the recommended regulations.

Following discussion of the update, the Mayor advised that all comments would be received and filed.

FY17 Budget/Financial Planning Work Session

R. B. Lawhorn, Budget Administrator and the Director of Finance, presented the following outline on the FY 2016 - 2017 budget development process and recommendations and highlighted the following topics:

- **Summary**
- **BFO Process Update**
- **Revenue Estimate by Major Category Fiscal Year 2017**
7.9 Million Increase in FY17 Revenues over FY16 Adopted Budget
- **FY 2017 Revenue Growth**

In response to inquiry with regard to changes in the real estate tax since the last presentation, Ms. Dameron advised that the real estate tax had not changed, but the general property tax category had increased by \$700,000.00 due to personal property. She pointed out that if tax rate adjustments were not made last year, the budget would be out of balance by \$5 million more.

- **Revenue Adjusted for Inflation (FY 2008 \$22.7 Million Higher in Buying Power than FY 2017)**
- **FY17 School Funding over FY16 Adopted Budget**
- **Fee Adjustments**

Mr. Lawhorn pointed out that three were proposed by the Department of Planning and Building Development to bring the fees more in line with the department's actual cost; whereupon, the Assistant City Manager for Community Development advised that those proposed fee adjustments with regard to zoning would not be a part of the budget adoption, but would be brought back before the Council at a later date, but the change with regard to the athletic fields would be a part of the budget adoption.

Council Member Rosen commented that if the proposed rezoning fee was inconsequential to the budget, his preference would be to charge \$500.00 versus \$1,000.00 because people were already paying taxes on their property and a stormwater utility fee.

- **Strategic Investments for FY 2017 and Beyond**

Mayor Bowers inquired if Fire Inspector was a State position; whereupon, Mr. Lawhorn indicated that it was a City employee position and why an additional inspector position was needed. The Assistant City Manager Operations advised that currently the fire inspections complement consisted of the Fire Marshal, Deputy Fire Marshal, Assistant Fire Marshal and inspectors who worked on an hourly basis and the funding would allow the Fire Department to hire inspectors part-time in an attempt to address the second level category inspections on a more frequent basis.

Mr. Lawhorn explained that under the Economic Development category for performance agreements, the Cambria Suites agreement of approximately \$200,000.00 per year would roll off and not appear in the Fiscal 2017 budget.

In response to an inquiry with regard to the 2 percent increase and the hourly rate at the bottom of the pay scale, the City Manager advised that he would research the matter and get back to Council at a later date.

- **One-Time Funding**
- **Capital Project Planning**
- **Debt Issuance Planning FY 2017-2021**
- **Operating and Capital Budget Development Next Steps**

(See copy of presentation on file in the City Clerk's Office.)
