

Color Guide: Painting a Tudor Revival (1890-1940)

Painting a Tudor Revival's accents is very important to get the detail correct. Doors, trim, and half-timbering members are accented through the use of a dark brown, black, or dark green paint color. Greens are also favorite trim colors, and certain deep reds can accent the doors and trim as well. Stucco walls use lighter tones such as white, yellow, or cream.

*****Unpainted brick or stone should never be painted as it could drastically alter the home's original character and traps moisture inside walls.**
